WHAT IS A DTS | A DTS (Discipleship Training School) is a chance to experience life with God like never before! It is a time to learn and relearn, to discover who you are, to change concepts, to meet new people, and to share! It is an intense, fun, and satisfying experience!

PURPOSE | DTS is a school specifically for people who want to use their talents and gifts to reach this generation through urban culture, using a language in which they identify. It is a school for skateboarders, break-dancers, musicians, rappers, journalists, and anyone interested in learning more about God and His character- to make Him known all over the world!

- GOALS** |
- (i) To GATHER and CHALLENGE people to worship, listen, and obey God, releasing them (in the context of DTS) to serve through evangelism, intercession, acts of compassion, and other expressions of God's heart for the world- possibly even pioneering new ministries;
 - (ii) To INSPIRE and CULTIVATE growth in one's relationship with God resulting in Christ like character, which is based on a solid Biblical foundation, the work of the Holy Spirit and the personal application of Biblical truth, especially concerning God's Character, the Cross and empowering Grace;
 - (iii) To SHARPEN one's ability to relate to, learn from and work with people, including those of different cultures, personalities and perspectives;
 - (iv) To further EQUIP each one to serve God's purposes either in or outside of the YWAM Family of Ministries, strengthening a commitment to reach the lost, especially the unreached, to care for the poor, and to influence all areas of society;
 - (v) To IMPART the vision and foundational values of Youth With A Mission International, as well as of the host operating location, and to provide information regarding a variety of opportunities for service;
 - (vi) To PROMOTE individual talents in any area that the student acts;

FINAL REMARKS |

This school wants to encourage and equip young people to be true influencers, people who want to change the world. In a dynamic and attractive way, through classes that "work" with the student's life, his intimacy with God, his personal growth and relationship with others. We take him to have a conscience and responsibility to see the Kingdom of God established on earth in a complete and integral way.
